

Production Manager

Norbord Europe Ltd. is a well-established manufacturing company and we are looking for an experienced Production Manager to join our team on a permanent basis.

The successful applicant will:

- Oversee all Production Processes across the site. Manufacturing product in a safe, cost effective and efficient manner.
- Deliver a working environment through the application of good manufacturing practices supporting the creation of a positive safety culture.
- Create and foster an environment of mutual trust and respect for others.
- Support technical team to deliver the requirements of the Quality Management system, ensuring our products and services fully meet internal and external customer requirements.
- Ensure as a minimum compliance with environmental standards. Developing an open, honest and trust- based relationship with regulatory organisations namely the Scottish Environment Protection Agency (SEPA).
- Enhance site performance through effective collaboration with support group's e.g. Quality/Technical, Sales, Supply Chain, Maintenance and Engineering/Reliability focus. Sustaining functional performance through measurement and process improvement, leveraging and automating processes where appropriate through continuous improvement.

Qualifications/Training

Essential

- Significant experience in a manufacturing industry at an appropriate level

Desirable

- BS degree (or equivalent) in Manufacturing / Process Management / Engineering
